

Swimming at Wallsend Jubilee Primary School

As of October 2017, schools have the responsibility of publishing swimming data. This data should express how the children have met the National Curriculum expectations in KS2. By the end of Year 6 children should be able to: swim 25m, use a variety of different strokes (breast stroke, back stroke, front crawl) and be able to perform a safe self-rescue.

At Wallsend Jubilee children have swimming lessons in year 5 during the Autumn term.

The following data was collected in Autumn 2024 whilst these children were in year 5.

Academic Year	Number of children	Swim competently, confidently and proficiently over 25m	Use a range of strokes effectively	Perform safe self rescue in water based situations
2023 - 2024	39	70%	70%	70%

Children who have not achieved the expected level will be offered additional tuition where possible through the local authority offer. School will also direct parents/carers to free lessons available through EASE cards.
